I, undersigned owner/agent of the below named and admitted patient, hereby authorize the attending Veterinarian(s), her/his designated associates, assistants and staff to perform diagnostic procedures as they determine necessary for the care of my pet, including but not limited to blood tests, X-rays or other procedures as needed. You are to use all reasonable precautions against injury, escape or death of my pet, but you will not be held liable or responsible in any manner in connection there with as it is thoroughly understood that I assume all risks.

I understand that the attending Veterinarian will make a reasonable attempt to contact me prior to above-mentioned therapeutic procedures being performed. Further, I assume financial responsibility for all charges, and agree to pay all charges at the time of the release of my pet from hospital care.

Since we are a multi-vet practice, I understand my pet may be seen by more than one veterinarian. Visitation may be available during my pet's stay and I understand that due to the nature of the hospital setting emergency conditions may alter the length of time or time(s) of day available. It is necessary that I call and confirm visitation before my arrival. Visitation is not allowed for any patient in isolation. I am welcome to call the hospital and speak to a technician during business hours regarding my pet and understand that any diagnoses can only be made by a doctor. A doctor or technician will make every attempt to update me at least once daily during my pet's stay.

In the unfortunate event that my pet becomes critical, I request the doctor and medical staff to:

____ Perform any resuscitation effort that the doctor deems necessary and is within the realms of our clinic's capability to aide my pet, including emergency surgery.

OR

____ Aide humanely, and keep comfortable with pain relievers and allow to pass naturally.
